

**Attention Parents/Guardians of Omaha Childrens Clinic  
Patients**

**In an effort to protect your children and your identity, OCC has updated all pertinent paperwork for our patients. We realize that this may pose an inconvenience in that you will be asked to complete forms again.**

**Please understand**

**If the new forms are not completed in their entirety with all information complete and up to date, you will be entered into our system as a SELF-PAY patient and all charges for your visits will be due at time of service.**

**Additionally,**

**Through our contracts with all insurance companies we are contractually bound to collect your copay at the time of check in. If you do not have your copay for your appointment, your appointment will need to be rescheduled.**

**Starting Immediately**

**You will need to provide your insurance card, photo id and copay at each and every visit.**

**We sincerely appreciate your cooperation in helping us to ensure the safety and security of your children and your personal information.**
